Thank you for your order - COVID-19 Update

Please be advised that due to the impact of Coronavirus COVID-19 on our suppliers, our deliveries are being delayed in most cases.

Where parts are still available quickly from the manufacturer, or the parts are in our own local stock, then our postal and courier service is still operating correctly and your order should not be unduly delayed.

Where the parts are stocked by the manufacturer, in most cases there will be a delay in the delivery of those parts to us.

We are still working hard providing the highest service levels that we can, and we ask for your patience and understanding with the current situation. Please let me know if I can be of any assistance.

We are very grateful for your support in this very difficult period. Since we were established in 1977 we have survived some tough times and with the support of our customers we'll hopefully survive this one too.

Kind regards,

Chris
